

Utilization of parent input is offered through a number of forums, including site and community booster organization groups, to ensure a diverse representation. These groups allow for on-going dialogue to take place between school staff and parents. These groups include all of the following below.

School Site Council (SSC):

All schools that operate a categorical program funded through the consolidated application (ConApp) shall establish a school site council (SSC). The SSC shall develop the content of the SPSA. The SPSA shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the ConApp and the local control and accountability plan (LCAP), if any, by the SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the Single Plan for Student Achievement programs. Members serve for two years and are elected by their peers.
